Redmine - Patch #27024

Links on custom field values don't have "external" class

2017-09-18 16:28 - Go MAEDA

Description

Textile and Markdown formatter in Redmine adds "external" class to a element when rendering links to an external site. Here is an exmaple:

Textile:

```
"Redmine":http://www.redmine.org/
```

Rendered HTML:

```
<a class="external" href="http://www.redmine.org/">
```

Although those formatters adds "external" class like as above, links on custom field values, which can be configured in "Link values to URL" of custom fields, don't have "external" class. I am in trouble with this behavior because I use UI theme that provides JavaScript code which opens external link in a new browser window (please see https://github.com/farend/redmine_theme_farend_basic/blob/master/javascripts/theme.js#L3).

I think that links on custom field should have "external" class for consistency and convenience. Attaching a patch to fix this.

Revision 17138 - 2018-01-01 07:18 - Go MAEDA

Links for custom field value don't have "external" class (#27024).

Patch by Go MAEDA.

History

#1 - 2017-09-18 16:56 - Go MAEDA

- File deleted (add-external-class-to-cf-link.diff)

#2 - 2017-09-18 16:59 - Go MAEDA

- File add-external-class-to-cf-link.diff added

Sorry, replaced the patch. The previous patch contained irrelevant codes.

#3 - 2017-10-18 04:09 - Toshi MARUYAMA

- Target version set to 4.1.0

#4 - 2017-11-28 06:13 - Takenori TAKAKI

LGTM :)
I tested Go MAEDA's patch on the Latest trunk@17038.

#5 - 2017-11-28 17:10 - Go MAEDA

- File add-external-class-to-cf-link-v2.diff added

Attaching an updated patch. Fixed test failure.
