Description

Projects page show incorrect format when I use firefox.
I use Redmine 3.4.2-4 (64-bit) on linux setup. The problem use internet explorer(IE) have not the problem,but have the problem when I use firefox.
The page show like this picture!

The page I want this display.
!redmine_i want like this.png!

I konw the problem with the version 3.3 not have.
I'm not sure the problem is just the bitnami on linux setup environment **or** the original redmine 3.4.2 version.
If just the bitnami on linux environment problem ,How can I solve the problem?

I think this is not Duplicate.
I want Projects page show like Patch #26853 After (Patch #26853:redmine_after.png) ,but not like this. Now the project web is show like this!!

canvas.png

I think Patch [#26853](#) Ilya Malahovskiy is wrong ruquest,Just tell me how to turn to page like Patch #26853:redmine_after.png.

It means your request is duplicate.

#6 - 2019-01-21 21:41 - Marius BĂLTEANU

This problem was fixed in latest Redmine versions (3.4.8 and 4.0.1), please see [#29951](#) for more details. Now root projects with their subprojects are shown in their own box without breaking on multiple columns.

Any feedback is welcome regarding the new projects page design.
