- Category deleted (Projects)
- Status changed from New to Closed
- Resolution set to Invalid

Please use forum for question.

#2 - 2017-10-26 08:30 - Martina A.

- Status changed from Closed to Reopened

During ticket creation, the following message appears:  
This is the Redmine issue tracker for reporting bugs **or feature requests** about the Redmine core software.

Isn't this a feature request?

I've already created a forum message with the same topic.  
I would be very happy, if someone can give me a hint, either here or in the forum.

- Status changed from Reopened to Closed

'progressive project list plugin' is not core.
