

Redmine - Patch #2734

Use wavatar as a default for gravatar images

2009-02-12 18:09 - Felix Schäfer

Description

I would recommend setting wavatar (or monsterid or identicons) as a default for the gravatar plugin, as having the "same" default gravatar for everyone not having one doesn't really help to tell people apart.

I don't know how hard it would be to make that a droplist to choose between the 3, but that might be a nice touch to it :-)

Patch:

Revision 3076 - 2009-11-17 04:10 - Eric Davis

Add a setting to pick alternative Gravatar images. #2734

History

#1 - 2009-02-12 18:14 - Felix Schäfer

Forgot to include the link to the gravatar page explaining the whole thing, see <http://en.gravatar.com/site/implement/url> and scroll down to step 5.

#2 - 2009-02-12 18:31 - Eric Davis

- Category set to Accounts / authentication

I like the idea but this should be a user option. I prefer the identicon more myself.

#3 - 2009-02-12 19:46 - Felix Schäfer

- File `gravatar_schemes.diff` added

OK, I went a little deeper in the stuff, and added an option to the preferences to change the default gravatar stuff. Only caveat: It's my first rail hacking ever, and I didn't get how to have an entry called "default" in the dropdown that would enter a "rail nil" or an empty string in the DB.

To change your notification preferences, please click here: <http://hostname/my/account>

gravatar_enabled:

default: 0

+gravatar_default:

+ default: 'wavatar'

(the diff is also attached)

#4 - 2009-02-12 20:24 - Felix Schäfer

Ok, If you replace the corresponding lines in `_general.rhtml` with:

```
<p><label><%= l(:setting_gravatar_default) %></label>
```

```
<%= select_tag 'settings[gravatar_default]', options_for_select([["None", ""], ["Wavatars", 'wavatar'], ["Identicons", 'identicon'], ["Monsterids", 'monsterid']], Setting.gravatar_default) %></p>
```

You get all the currently available options for the gravatar schemes.

#5 - 2009-02-12 21:18 - Eric Davis

- Status changed from New to 7
- Assignee set to Eric Davis

#6 - 2009-07-19 23:21 - Felix Schäfer

Should I update this patch to apply to current trunk? Is there a default place to put a list of options like this, or can it stay in the view?

#7 - 2009-11-17 04:08 - Eric Davis

- Status changed from 7 to Closed
- Target version set to 0.9.0
- % Done changed from 0 to 100

Felix:

No need to update the patch, I've committed it in r3076. Thank you for the patches.

#8 - 2009-11-17 09:21 - Felix Schäfer

Hey, great to see my first ruby/rails lines ever getting integrated without modifications :-). I'll have a look at getting the fr and de language files up to speed.
