Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Documents	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Invalid		
Description <p>I am trying to upgrade redmine from 3.2.6 to 3.2.8, and I am trying to follow the instructions on your site at RedmineUpgrade</p> <p>When I get to step 7, it says the following:</p> <pre>7. Run the following command from your new Redmine root directory:</pre> <pre>If you're upgrading from Redmine 2.x or below, remove the following file if it exists:</pre> <pre>config/initializers/secret_token.rb</pre> <p>Surely there should be something after that line and before the "If you're upgrading..." ?</p> <p>Thanks,</p> <p>Chris</p>			

History

#1 - 2017-11-05 04:46 - Toshi MARUYAMA

- Description updated

#2 - 2017-11-05 04:53 - Toshi MARUYAMA

- Category changed from Website (redmine.org) to Documents

- Status changed from New to Closed

- Assignee deleted (Jean-Philippe Lang)

- Priority changed from High to Normal

- Resolution set to Invalid

"Run the following command from your new Redmine root directory" is title for "bundle exec rake generate_secret_token".
