

Redmine - Feature #27530

Set default target version when moving issues to another project

2017-11-14 18:45 - Hooman Valibeigi

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Issues	Estimated time:	0.00 hour
Target version:			
Resolution:			

Description

When moving an issue to a another project, the default version of the new project should automatically be set on the issue. Currently when trying to change the project of an existing issue, the target version textbox will be erased.

My Environment:

Redmine version	3.4.2.stable
Ruby version	2.3.0-p0 (2015-12-25) [x86_64-linux]
Rails version	4.2.8
Environment	production
Database adapter	PostgreSQL
