Description

bundle install command fails for **nokogiri 1.7.2 (x64-mingw32)** and **ruby 2.4.3** on Windows with the following message:

  nokogiri.png
Ruby version installed: ruby 2.4.3p205 (2017-12-14 revision 61247) [x64-mingw32] (from rubyinstaller.org)

According to https://github.com/sparklemotion/nokogiri/issues/1618, nokogiri 1.8.0 fixes this. I've bumped the version to 1.8.0 in Gemfile and it did the trick.
