Target version:	3.4.5			

Description

Pretty straightforward. After #20513, the statement should be removed from the bundled example plugin too (i.e. r1282 should be reverted). The following raw patch (against source:/trunk@17169) takes care of this:

```
Index: extra/sample_plugin/app/controllers/example_controller.rb
===================================================================
--- extra/sample_plugin/app/controllers/example_controller.rb    (revision 17169)
+++ extra/sample_plugin/app/controllers/example_controller.rb    (working copy)
@@ -1,7 +1,5 @@
 # Sample plugin controller
 class ExampleController < ApplicationController
-  unloadable
-
   layout 'base'
   before_action :find_project, :authorize
   menu_item :sample_plugin
```
