

Redmine - Feature #28011

Setting for My page blocks to change the maximum number of issues

2018-01-18 03:38 - Go MAEDA

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	My page	Estimated time:	0.00 hour
Target version:			
Resolution:			

Description

The maximum number of issues to be displayed on a My page block is fixed to 10. But sometimes I want to see more issues on blocks.

I think it is useful and will increase flexibility if each block has a setting to change the maximum number of issues.

My page

Issues assigned to me (0)

Maximum number of issues:

Available Columns

- Parent task
- Priority
- Author
- Assignee
- Updated
- Category
- Target version
- Start date
- Due date
- Estimated time

Selected Columns

- Project
- Tracker
- Status
- Subject

Save Cancel

No data to display

The screenshot above is just a mock. I haven't written any codes.

Would be indeed really useful. W/o this, I find that this has only limited functionality.

E.g. I have a custom query for my recurrent tasks. I'd like to have a quick way to select one. But I have about 20, so I cannot use unfortunately My page for this.
