Redmine - Defect #28029

Rake tasks for fetching email don't support "no_notification" option

2018-01-21 08:33 - Go MAEDA

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**

Category:	Email receiving		**Estimated time:**	0.00 hour
Target version:				
Resolution:	Duplicate		**Affected version:**	

Description
"--no-notification" option to disable notifications to the created user has been added by [#13341](#) (Redmine 2.3.0).
Although rdm-mailhandler.rb supports the option, it seems that rake tasks for fetching emails such as redmine:email:receive_imap don't support it. Please see [source:tags/3.4.4/app/models/mail_handler.rb#L68](#). extract_options_from_env method doesn't check ENV['no_notification'].
