

Redmine - Defect #28127

It is impossible to filter the trackers by project in the XML/REST-API

2018-02-02 11:58 - schmier fink

<b>Status:</b>	New	<b>Start date:</b>	
<b>Priority:</b>	High	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>		<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>		<b>Affected version:</b>	
<b>Resolution:</b>			
<b>Description</b>			
I can query <a href="https://servicedesk.cor-management.ch/Servicedesk/trackers.xml">https://servicedesk.cor-management.ch/Servicedesk/trackers.xml</a> for a list of all trackers.  But I always get all trackers. Adding the project_id to the filters has no effect.  For issues instead of trackers, it works fine.

Could you meet your needs with the following API with the include option?

/projects/[id].xml?include=trackers
