Redmine - Defect #2825

No host/domain name in activation link

2009-02-24 16:43 - James Turnbull

Status:	Closed		**Start date:**	2009-02-24
Priority:	Normal		**Due date:**	
Assignee:	Eric Davis		**% Done:**	0%
Category:	Accounts / authentication		**Estimated time:**	0.00 hour
Target version:				
Resolution:	Cant reproduce		**Affected version:**	

Description

Activation emails only contain the right hand portion of the link - no host and domain name:

```
Subject:
Your ReductiveLabs.com account activation
To activate your account, click on the following link:
/account/activate?token=ZmKlEbeYeLrgxkUx1q1WY0oU1MY67YR4TV83DbHj
```

Associated revisions

Revision 2561 - 2009-03-07 13:45 - Jean-Philippe Lang

Test that account activation email contains the appropriate link (#2825).

History

#1 - 2009-02-25 06:40 - Eric Davis

I think this is related to the changes in [#2542](#2542)

#2 - 2009-02-25 08:33 - Eric Davis

- Assignee set to Eric Davis

- Resolution set to Cant reproduce

Can you reproduce this with [r2522](r2522) or later? I fixed a few url generation bugs in the Plugin hooks and Mailer.

#3 - 2009-03-07 13:43 - Jean-Philippe Lang

- Status changed from New to Closed

Test added in [r2561](r2561). Works OK.
