Redmine - Defect #28267

New, empty repositories show white, 404 error page instead of the empty repository view

2018-02-28 19:29 - Wojtek …

Status:	New		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	SCM		**Estimated time:**	0.00 hour
Target version:				
Resolution:			**Affected version:**	3.4.4

Description

Previously, when reposman.rb created an empty repository, navigating to project/repository view yielded 404 error on the page, that there is no entry (and there was link to clone the repository). We observe recently, that empty repositories yield white, 404 error page and the log contains only:

```
Started GET "/projects/project/repository" for 18…·…·…·…9 at 2018-02-28 06:25:22 -0800
Processing by RepositoriesController#show as HTML
  Parameters: {"id"=>"project"}
  Current user: w (id=1985)
Completed 404 Not Found in 117ms (ActiveRecord: 9.5ms)

Environment:
  Redmine version              3.4.3.stable
  Ruby version                 2.3.1-p112 (2016-04-26) [x86_64-linux-gnu]
  Rails version                4.2.8
  Environment                  production
  Database adapter             Mysql2
SCM:
  Subversion                   1.9.3
  Git                          2.7.4
  Filesystem
