Redmine - Defect #28322

Commit messages referencing issues should stop at line breaks

2018-03-12 09:53 - Gregor Schmidt

Status:	New	**Start date:**	
Priority:	Normal	**Due date:**	
Assignee:		**% Done:**	0%
Category:	SCM	**Estimated time:**	0.00 hour
Target version:	Candidate for next minor release		
Resolution:		**Affected version:**	

Description

When referencing an issue via commit message, the matching should stop at line breaks. Otherwise, unexpected things may happen.

E.g given the following commit message:

```
Initial version of Feature #123

Includes the following changes:

#124 some UI fixes
#125 still work in progress
```

the current implementation will mark #125 as fixed. I think, this is unexpected.

I've attached a patch, which replaces all \s with [[:blank:]] in the relevant regular expressions. Those matchers are equivalent, but [[:blank:]] does not match \r\n. I've also added a test.

This bug was identified by Holger Just from Planio.

History

#1 - 2018-03-12 09:59 - Jan from Planio www.plan.io

- Target version set to Candidate for next minor release

#2 - 2018-03-12 14:28 - Go MAEDA

Thank you for detecting and fixing this issue, it looks good to me.

But I am afraid that some people make use of the current behavior, like the following example.

```
Refs:
#1, #2, #3
```
