Description			
highlighted_note.png In the issue, linked notes are visually emphasized. I often use the link to the wiki section so I would like the section to be emphasized just like Issue.

I think that you can emphasize the section by the following style.

```
diff --git a/public/stylesheets/application.css b/public/stylesheets/application.css
index 369526a9a..8f4fd665f 100644
```

It is another topic that should not be discussed in this issue, but I think it would be even better to highlight replies in forums.
