

Redmine - Defect #28482

Buttons are disabled when modal is opened again after exporting CSV

2018-04-03 07:41 - Mizuki ISHIKAWA

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Go MAEDA	% Done:	0%
Category:	UI	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Fixed		
Description			
Steps to reproduce:			
<ol style="list-style-type: none">1. Open issues/index.2. Click on the "CSV" link to open modal.3. Click the export button to export csv.4. After exporting csv, click "CSV" link again to open modal.			
Expected result:			
By export button, you can export csv again.			
Result:			
CSV can not be exported because export button and cancel button are disabled. csv_modal.png			
This is a problem only occurring with the trunk . I think that the cause of this problem is that disable_with option of submit_tag of rails5 is the default. (https://github.com/rails/rails/pull/21135)			
disable_with is an option to disable the submit button to prevent duplicate transmission. The export button and cancel button are disabled at the moment of clicking because disable_with is true. But that buttons do not reload the screen so the buttons will remain disabled.			
I have not confirmed, but there may be other buttons that are in the same state.

Revision 17321 - 2018-05-01 05:42 - Go MAEDA

Disable ":disable_with" for CSV exports (#28482).

Patch by Marius BALTEANU.

History

#1 - 2018-04-25 14:52 - Go MAEDA

- Related to Feature #23630: Migrate to Rails 5.2 added

#2 - 2018-04-28 09:26 - Go MAEDA

- Category set to UI

#3 - 2018-04-30 10:27 - Marius BALTEANU

- File 0001-disable-data-disable-with-for-CSV-exports.patch added

I see two possibility here:

1. Disable this feature in the entire Redmine app by setting config.action_view.automatically_disable_submit_tag = false in config/application.rb and enable the feature only where it works as expected (like: [#17517](#)).
2. Vice versa, disable only where it doesn't work (like CSV exports).

Because I really like this feature, I would suggest to go with the second option and I made a patch for it.

In addition, I tried to find a way to fix this issue without disabling the data-disable-with feature, but without any luck (excepting adding custom JS code to enable the buttons on show modal).

Also, we should set the target version to [4.0.0](#). @Go Maeda, can I set it?

#4 - 2018-04-30 10:38 - Go MAEDA

There is no reason why you cannot do it :)

#5 - 2018-04-30 10:39 - Marius BĂLTEANU

- Target version set to 4.0.0

#6 - 2018-05-01 04:04 - Jens Krämer

+1, the patch works for me

#7 - 2018-05-01 05:43 - Go MAEDA

- Status changed from New to Closed
- Assignee set to Go MAEDA
- Target version deleted (4.0.0)
- Resolution set to Fixed

Committed. Thanks.

#8 - 2018-05-01 06:34 - Mizuki ISHIKAWA

Thank you for all the actions about this issue!
