Description
Hi, We would like to remind issue author to manually add specified user to watcher list,means that how do we make watcher item as required before new an issue?thanks in advanced.

I mean that when create an new issue,can "manually add watcher" be required or not?

#2 - 2018-04-23 08:19 - Go MAEDA

- Status changed from New to Closed

- Resolution set to Invalid
