Description

It would be great to have possibility of adding (some or all) project "Custom queries" to My Page along with an indication with number of issues matching the query.

For example:

```
Project1 - My ASAP tasks (15)
Project1 - Tasks due today (0)
Project2 - Resolved tasks ready to be closed (2)
```

More than that; It would be great to have an option to add those filters like "Issues assigned to me" as a list.
