Revision 17514 - 2018-09-23 16:22 - Jean-Philippe Lang

Support migration context for plugins (#28934).

Revision 17535 - 2018-09-29 11:22 - Jean-Philippe Lang

Removed message to stdout (#28934).

History

#1 - 2018-06-02 00:38 - Pavel Rosický

- File plugin.rb.patch added

#2 - 2018-06-02 04:14 - Go MAEDA

- Related to Patch #28933: Migrate to Rails 5.2 added

#3 - 2018-06-27 00:41 - Tatsuya Saito

- File add_unittest.patch added

I attach a patch to add simple unit test.
I hope to fix this issue :)

#4 - 2018-06-27 03:23 - Go MAEDA

- Category changed from Performance to Rails support

- Target version set to 4.0.0

#5 - 2018-07-04 08:06 - Toru Takahashi

+1 this patch is needed to migrate a plugin by redmine:plugins:migrate on rails 5.2.

#6 - 2018-07-05 16:52 - Tatsuya Saito

- File use_migration_context_with_test.patch added

I think release version like 3.4.x is NOT going to support Rails 5.2, keep 4.x.
So I created a patch which is removed condition of Rails version check for older than trunk.
I attach it, and it includes add_unittest.patch.

#7 - 2018-07-05 17:36 - Pavel Rosický

@Tatsuya Saito
I agree we can remove the rails version check. Your patch is simple, but wrong. It produces **invalid entries in schema_migrations!** without a plugin_name suffix.

Btw: my patch also loads schema_migrations only once for all plugins, so there's also a performance impact if you have more plugins installed.

Unfortunatelly I have to duplicate MigrationContext because it calls back the original Migrator class from Rails not the patched one by Redmine. Maybe someone can figure out a better solution.

#8 - 2018-07-07 04:23 - Tatsuya Saito

- File use_migration_context_with_test2.patch added

Thanks comment and sorry broke your patch.
I fix and attach it.

#9 - 2018-07-07 05:36 - Pavel Rosický

It's ok. Thanks for testing

#10 - 2018-09-23 16:23 - Jean-Philippe Lang

- Subject changed from [Rails 5.2] support migration context to Support migration context for plugins

- Status changed from New to Closed

- Assignee set to Jean-Philippe Lang

Committed, thanks.

#11 - 2018-12-01 10:28 - Go MAEDA

- Has duplicate Defect #29291: NoMethodError: undefined method `migrate' for Redmine::Plugin::Migrator:Class added
