

Redmine - Feature #28947

Show the existing attachments on the wiki editing page

2018-06-05 04:01 - Mizuki ISHIKAWA

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Wiki	Estimated time:	0.00 hour
Target version:			
Resolution:			
Description When attaching a new file on the wiki edit page, the file name is displayed. However, existing attachments are not displayed. This information is useful for displaying existing attachments as inline images (!file_name.png!). ex) example.png

- File `show_existing_attachments_on_wiki_editing_page.patch` added

+1 for Mizuki ISHIKAWA's idea!

I wrote a patch to implement this feature.
- #2 - 2018-06-13 08:37 - Takenori TAKAKI**

+1

I would be very happy if I could see the feature in Redmine.
- #3 - 2018-06-13 22:13 - Marius BĂLTEANU**

Nice feature.

I think that it'll be useful also to add the "Delete multiple attachments with one action" feature implemented for issues in [#13072](#), but we can do it in another ticket.

Thank you for submitting the patch.

Would you explain why the patch disables 'Delete' button on `wiki#edit` page?

If you delete a file during editing on `wiki#edit` page, its contents will be discarded.

Therefore, I added deletable options so that 'Delete' button is not displayed.

Thank you for the clarification. I found a very similar issue [#28953](#). I think we should resolve it before moving this issue forward.

#7 - 2018-06-27 07:57 - Mizuki ISHIKAWA

Thank you for all the work for this feature.
I think that if [#16410](#) were implemented that feature could meet my needs.
