Description

In "custom queries", there's a lot of filtering possibilities, that's great !
<http://www.redmine.org/wiki/redmine/RedmineIssueList#Applying-and-saving-filters>

It should be better if you can select and save a "sort order".
I mean a default sorting for a saved query, that every user can change at "execution time" if he wants to.

+1

#2 - 2009-03-12 19:05 - Jean-Philippe Lang

- Status changed from New to Closed
- Target version set to 0.9.0
- Resolution set to Fixed

Feature added in [r2572](#). You can now select (up to 3) sort criteria when saving a query.

#3 - 2009-03-18 13:49 - Vasia Pupkin

pls, add number of issue in sort condition
