Search for issue number with REST API redirects to issue HTML page

Status: Closed  Start date:  
Priority: Normal  Due date:  
Assignee: Jean-Philippe Lang  % Done: 0%  
Category: REST API  Estimated time: 0.00 hour  
Target version: 3.4.10  Affected version: 3.3.0  
Resolution: Fixed

Description

Search REST API queries matching issue number (with or without ")" are being redirected to HTML issue page if the issue exists. The redirect is caused by quick jump to issue at source:/tags/3.3.0/app/controllers/search_controller.rb#L40.

Quick jump is useful for search field in the UI but REST API response with redirect to an HTML page is... unexpected. I suggest leaving quick jump for HTML response and actually searching for issue number-like text for REST API.

Associated revisions

Revision 17949 - 2019-03-15 08:28 - Jean-Philippe Lang

Searching for issue number with REST API redirects to issue HTML page (#29055).

Patch by Go MAEDA.

Revision 17950 - 2019-03-15 08:29 - Jean-Philippe Lang

Merged r17949 to 4.0-stable (#29055).

Revision 17951 - 2019-03-15 08:30 - Jean-Philippe Lang

Merged r17949 to 3.4-stable (#29055).

History

#1 - 2019-03-02 07:37 - Go MAEDA
- File fix-29055.patch added
- Target version set to Candidate for next minor release

Probably the redirecting is nouse for API clients. Here is a patch to fix it.

#2 - 2019-03-03 02:05 - Go MAEDA
- Target version changed from Candidate for next minor release to 3.4.10

Setting the target version to 3.4.10.
Fix committed, thanks. Test moved to the API tests.
