Description

In "Copy" section on copy_project page, which is used to select objects to copy, you cannot toggle all checkboxes at one click.

I think the section also should have a green tick icon to check/uncheck all checkboxes.

I think that you can add icons with the following code.

```diff
diff --git a/app/views/projects/copy.html.erb b/app/views/projects/copy.html.erb
