

Redmine - Feature #29145

To embedded the Roadmap for a project into an iFrame?

2018-06-27 16:58 - Chung Ley

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Resolution:	Invalid		
Description			
We used Google Site as our team site which contains information of all our projects. It is very nice for us to "embedded" information from Redmine about our planned work into our Google site especially with the roadmap
