

Redmine - Defect #29429

compile plugin

2018-08-23 00:33 - jp qu

Status:	Closed	Start date:	
Priority:	Urgent	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Invalid		
Description I need a plugin which has a button in projcet list,touch the button will call shell script to start compile the project code and return a URL which content the compile result.It's already done with the shell script and the URL was seted in same script,I just don't konw how to devevelop a plugin to call the shell script in redmine.please help with that. I just uploaded the shell script.			

History
