

## Redmine - Defect #29514

### Anti spam feature - manual new user creation option

2018-09-06 19:20 - Yuri Weinstein

<b>Status:</b>	Closed	<b>Start date:</b>	
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>	Administration	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>		<b>Affected version:</b>	
<b>Resolution:</b>	Invalid		
<b>Description</b> If we had an option to enable admins manually approve a new user registration, that would help us fight unwanted spam users' attacks.  Pls consider.			

#### History

##### #1 - 2018-09-06 20:36 - Holger Just

- Status changed from New to Needs feedback
- Priority changed from High to Normal

You can already configure that in **Administration** -> **Settings** -> **Authentication** -> **Self-registration** where you can set the value to **Manual account activation**. That way, an existing administrator has to approve each new user who self-registers.

Does this already solve your requirement? If not, what exactly is missing?

##### #2 - 2018-09-06 23:16 - Yuri Weinstein

Maybe we will try , thx!

##### #3 - 2018-09-07 05:55 - Go MAEDA

- Status changed from Needs feedback to Closed
- Resolution set to Invalid
