#### History

##### #1 - 2009-03-13 20:19 - Jean-Philippe Lang

Adding CAS authentication to the Redmine core is not planned.  
But some refactoring that would allow pluggable authentication is highly desirable.

##### #2 - 2009-03-13 23:26 - Eric Davis

- *Category set to Accounts / authentication*

I agree with Jean-Philippe, a pluggable authentication would be a very nice addition. Then the LDAP and OpenID authentication types can be moved out of the core and into plugins.
