Description			
If issue has a subtasks then root issue shows Estimated time (total) for role that has restriction to view estimated time.			

History

#1 - 2018-10-10 09:15 - Go MAEDA

I think Redmine does not have a permission named "View estimated hours/time". The following command returns no result.

```
grep 'permission_.*estimated' config/locales/en.yml
```

Could you write more details?

- File redmine_viewestim.png added

Grep returns nothing.
But I see this permission in settings.

I think the "View estimated hours" permission has been added by advanced_roadmap_v2 plugin. Please contact the author of the plugin.

This is an evidence that the plugin adds the permission.
