

Redmine - Feature #29993

Option to unarchive the project when admins visit an archived project

2018-11-18 21:38 - Yar n

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Jean-Philippe Lang	% Done:	0%
Category:	Administration	Estimated time:	0.00 hour
Target version:	4.0.0		
Resolution:	Fixed		
<b>Description</b> When project added to archive - it is hidden from Projects panel. And then whe it is needed for someone - they send ticket for recovering project. Like that: "hello, can you recover project <a href="https://redmine.example.com/projects/786">https://redmine.example.com/projects/786</a> "?  and to recover it i need to create DB queries for now... which takes some time.			

Associated revisions

Revision 17681 - 2018-12-02 12:13 - Jean-Philippe Lang

Let admin users unarchive subprojects of archived projects (#29993).

Revision 17682 - 2018-12-02 12:23 - Jean-Philippe Lang

Let admins unarchive the project when trying to access an archived project (#29993).

History

+1 I think in this particular case it would be great if the link would provide a view to the admin where he could recover the project directly.

#2 - 2018-12-02 12:26 - Jean-Philippe Lang

- Subject changed from Add column links in Administration -> projects to Option to unarchive the projet when admins visit an archived project
- Status changed from New to Closed
- Assignee set to Jean-Philippe Lang
- Target version set to 4.0.0
- Resolution set to Fixed

When trying to access an archived project, a link to unarchive it will now be displayed to admin users.

#3 - 2018-12-06 04:57 - Go MAEDA

- Subject changed from Option to unarchive the projet when admins visit an archived project to Option to unarchive the project when admins visit an archived project
