Copied to Redmine - Feature # 31500: Ruby 2.7 support	Closed

Associated revisions

Revision 17696 - 2018-12-08 06:51 - Go MAEDA

Don't explicitly install csv gem in Ruby 2.6 (#30118).

Redmine installs csv gem since r17245 as a workaround for a bug of csv 1.0.0 which is bundled with Ruby 2.5 (see #28112). But in Ruby 2.6, installing the gem is not necessary because the bundled csv gem was updated to 3.0.

Revision 17706 - 2018-12-09 03:14 - Go MAEDA

Ruby 2.6: Don't explicitly install rdoc gem (#30118).

Revision 17820 - 2019-01-19 12:49 - Jean-Philippe Lang

Merged r17706 to 4.0-stable (#30118).

History

#1 - 2018-12-07 09:06 - Go MAEDA

The current trunk r17686 passed tests (but I skipped LDAP and rmagick tests) in ruby 2.6.0preview2.

#2 - 2018-12-07 09:37 - Marius BALTEANU

I made a branch on the GitLab CI to track the test results until Ruby 2.6 is released.

- Branch: https://gitlab.com/marius-balteanu/redmine/tree/feature/ruby_2.6

- Test Results: <https://gitlab.com/marius-balteanu/redmine/-/jobs/131233825>

#3 - 2018-12-09 10:34 - Jean-Philippe Lang

ruby2.6-rc1 is added to the CI server: <http://www.redmine.org/builds>

#4 - 2018-12-10 14:46 - Go MAEDA

- *Target version changed from Candidate for next major release to 4.0.1*

I think we can support Ruby 2.6 in Redmine 4.0.1.

#5 - 2018-12-28 02:49 - Go MAEDA

- *Assignee set to Jean-Philippe Lang*

All tests passed with Ruby 2.6.0p0 on my environment.

I think we can close this issue if Ruby 2.6 on the CI server is updated from 2.6.0preview2 to 2.6.0 and r17706 is merged to 4.0-stable.
