

Redmine - Feature #30208

Custom assignee list per project

2018-12-13 17:59 - Nathan Dattler

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Permissions and roles	Estimated time:	0.00 hour
Target version:			
Resolution:			
Description			
Is it possible to have specific users show in the Assignee dropdown when creating a new ticket dependent upon which project the ticket is created in?			
It seems that if the "Issues can be assigned to this role" is checked off for a role, any users within that role shows as an assignee in every project. Am I just missing something or is that the default behavior?

No users with this role show as assignees in projects where they have the role only.
