Category:	Text formatting		**Estimated time:**	0.00 hour
Target version:	4.1.0			
Resolution:	Fixed		**Affected version:**	

Description

Last character "-" makes wrong link
please add link "-" character

for example googledrive use "-"
--

ja---

グーグルドライブを始め、最近のリンクには末尾に"-"を使うリン
クがあるが、正しいリンクにならない。
できればリンクに使う文字として "-" を加えることで正しいリンクになる。

以上ご検討願います。

Revision 17917 - 2019-03-03 16:18 - Go MAEDA

URLs end with "-" are rendered incorrectly in Textile (#30259).

Patch by Yuichi HARADA.

History

#1 - 2018-12-21 09:57 - Go MAEDA

- Subject changed from Last character "-" makes wrong link to URLs end with "-" are rendered incorrectly in Textile

- Description updated

- Category set to Text formatting

- Status changed from New to Confirmed

confirmed the problem. This issue is reproducible in Textile. Markdown is not affected.

Input:

```
http://example.com/foo-
```

Expected output:

```
<a class="external" href="http://example.com/foo-">http://example.com/foo-</a>
```

Actual output:

```
<a class="external" href="http://example.com/foo">http://example.com/foo</a>-
```

#2 - 2019-01-08 09:15 - Yuichi HARADA

- File 0001-Remove-unnecessary-trailing-white-spaces.patch added

- File 0002-Interpret-trailing-hyphens-as-URL.patch added

I reviewed the regular expression to interpret the trailing hyphens as URL.
I attached patches.

#3 - 2019-01-10 14:10 - Go MAEDA

- Target version set to Candidate for next minor release

#4 - 2019-01-10 14:36 - Guillermo ML

- File output.trailing.special.characters.png added

Same with ?, &, # and $ characters. These URL:

```
https://example.org/ticket.form.php?id=333?
https://example.org/ticket.form.php?id=333&
https://example.org/TicketID=455#
https://example.org/TicketID=455$
```

will be rendered (3.4.4.stable) as:

output.trailing.special.characters.png

For example the second link could be generated by glpi tool and the third one is sometimes generated by otrs tool. I think all four are valid characters at the end of an URL.

#5 - 2019-02-12 16:32 - Go MAEDA

- Target version changed from Candidate for next minor release to 4.0.2

Setting the target version to 4.0.2.

#6 - 2019-02-20 10:25 - Go MAEDA

- Target version changed from 4.0.2 to 4.1.0

#7 - 2019-03-03 16:19 - Go MAEDA

- Status changed from Confirmed to Closed

- Assignee set to Go MAEDA

- Resolution set to Fixed

Committed the patch. Thank you all for reporting and fixing this issue.
