I think that it will be fixed by adding the following CSS.

```

##### #2 - 2018-12-28 03:44 - Go MAEDA

- Target version set to 4.0.1

##### #3 - 2018-12-30 08:14 - Marius BĂLTEANU

What do you think if we refactor the tooltip and use a list or div elements (like in the issue page) to render the issue attributes instead of the current implementation and proposed fix?

##### #4 - 2019-01-19 12:52 - Jean-Philippe Lang

- Status changed from New to Closed

- Assignee set to Jean-Philippe Lang

- Resolution set to Fixed

Patch committed, thanks.

If it simplifies the css, that would be great. Please feel free to submit a patch for next release.
