I think that it will be fixed by adding the following CSS.

What do you think if we refactor the tooltip and use a list or div elements (like in the issue page) to render the issue attributes instead of the current implementation and proposed fix?

#4 - 2019-01-19 12:52 - Jean-Philippe Lang
- Status changed from New to Closed
- Assignee set to Jean-Philippe Lang
- Resolution set to Fixed

Patch committed, thanks.
