

Redmine - Feature #30346

Add "Target Version" to the list of "Available columns" in "Spent time" Tab

2019-01-06 18:51 - VD DV

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Go MAEDA	% Done:	0%
Category:	Time tracking	Estimated time:	0.00 hour
Target version:	4.1.0		
Resolution:	Fixed		
Description			
<p>I am evaluating last Redmine version (v4.0.0), and I have discovered that "Target Version" is missing at "Spent time" Tab in the list of "Available columns" while selecting columns for timelogs. Therefore, CSV export from "Spent time" TAB is also missing that valuable informatin for further spent time analysis.</p> <p>It is clear that versions are tied to projects, and same "Target Version" literal in different projects might not be the same version, therefore might lead to confusion. But, "Target Version" together with "Project" information (that is already selectable at "Available columns") can avoid any unclearness.</p>

Revision 19059 - 2019-11-10 01:42 - Go MAEDA

Adds "Target Version" column to the list of "Available columns" in "Spent time" tab (#30346).

Patch by Marius BALTEANU.

Revision 19330 - 2019-12-03 07:14 - Go MAEDA

Merged r19088 from trunk to 4.1-stable (#32478, #30346).

History

- File *filter.png* added
- File *report.png* added
- Status changed from *New* to *Needs feedback*
- Assignee set to *VD DV*

In which version of Redmine did you see the "Target Version" (Version) as available column in "Spent time" tab? I've double checked now in Redmine 3.4 and Redmine 4.0 and is not available as column, it is available as filter and group criteria in the Reports tab (not Details). Please see below screenshots.

#2 - 2019-01-14 16:32 - VD DV

You are right. There is no such column in previous versions. Therefore this issue might be evaluated not as defect but as a new feature.

#3 - 2019-01-15 05:53 - Marius BĂLTEANU

- Tracker changed from *Defect* to *Feature*
- Subject changed from *"Target Version" is missing at "Spent time" Tab in the list of "Available columns"* to *Add "Target Version" to the list of "Available columns" in "Spent time" Tab*

- Status changed from Needs feedback to New

- Assignee deleted (VD DV)

What about this issue? Is it going to plan to be added for next redmine version?

I think it's quite easy to implement and very useful and demanded. I don't know too much about redmine source code but I think patch would be very similar to this one: <https://www.redmine.org/issues/28391>

+1

Spent time tab has 4 types of filters for core fields of issues. They are Tracker, Status, Target version, and Category. However, only Target version is not included in available columns. I think it is quite odd that the field can be used as a filter is not included in available columns.

I think the target version field should have been added to available columns when [#23401](#) was implemented.

Before r15738 :	Field	Filters	Available columns
	Tracker	-	-
	Status	-	-
	Target version	☐	-

r15738 :	Field	Filters	Available columns
	Tracker	☐	☐
	Status	☐	☐
	Target version	☐	-

There was an error in my proposed patch, I'll repost the patch soon.

- Target version changed from Candidate for next major release to 4.1.0

Thank you for posting the patch. But I had to change it as follows. Without the change, the id of the version is shown in the column instead of the name.

Setting the target version to 4.1.0.

```
diff --git a/app/models/time_entry_query.rb b/app/models/time_entry_query.rb

[...]

Indeed, :fixed_version should be, I think I've mixed up some things before posting the patch.
