Category:	Issues		**Estimated time:**	0.00 hour
Target version:				
Resolution:	Wont fix		**Affected version:**	

Description

1. No validation when adding watcher who is not in this project
2. When adding watcher to several issues from different projects, all users are displayed and can be added.

History

#1 - 2019-01-23 01:55 - Go MAEDA

- Related to Feature #5159: Ability to add Non-Member watchers to the watch list added

#2 - 2019-01-23 01:56 - Go MAEDA

- Related to Patch #16133: Available watchers on new issue form include users who cannot even view issues added

#3 - 2019-01-23 02:03 - Go MAEDA

- Status changed from New to Closed

- Resolution set to Wont fix

It is intended behavior. Please see #5159 for the detail.

But I think a user who has no permission to see the issue should not be added as a watcher. This is being discussed in #16133.
