

Redmine - Defect #30491

Project#short_description may return a too long string

2019-01-25 01:55 - Go MAEDA

Target version:		Affected version:	
Resolution:			
Description			
I think that Project#short_description is supposed to return a string shorter than 255 characters by default.			
However, the current implementation returns a string which exceeds 255 characters if the first line of the description is very long.			
The attached patch fixes this issue.
