- Related to Feature #30482: Multiple issue ids in "Parent task" filter added

#3 - 2019-02-14 09:31 - Go MAEDA

- Subject changed from Multiple issue ids in "child task" filter to Multiple issue ids in "Subtasks" filter

I am trying to explain the request that partially written in Japanese.

"Subtasks" issues filter should support comma-separated multiple issue ids as already supported in "Issues" and "Parent task" filter.

In the current trunk <u>r17862</u>, there are three issues filters that accept issue id. "Issue" and "Parent task" filter accepts comma-separated issue ids as a parameter for "is (=)" operator but only "Subtasks" filter does not.

#4 - 2019-02-19 03:15 - Yuichi HARADA

- File 30808-fix-child-id-filter.patch added

I changed so that The Subtasks filter supports comma-separated multiple issue ids. I attached a patch.

#5 - 2019-02-19 06:45 - Go MAEDA

- Target version set to Candidate for next major release

#6 - 2019-02-28 11:02 - Go MAEDA

- Status changed from New to Closed
- Assignee set to Go MAEDA
- Target version changed from Candidate for next major release to 4.1.0
- Resolution set to Fixed

Committed the patch. Thank you for your contribution.
