Multiple issue ids in "Subtasks" filter (#30808).

Patch by Yuichi HARADA.

History

#1 - 2019-02-14 09:07 - Go MAEDA

- Tracker changed from Defect to Feature

#2 - 2019-02-14 09:07 - Go MAEDA

- Related to Feature #30482: Multiple issue ids in "Parent task" filter added

#3 - 2019-02-14 09:31 - Go MAEDA

- Subject changed from Multiple issue ids in "child task" filter to Multiple issue ids in "Subtasks" filter

I am trying to explain the request that partially written in Japanese.

"Subtasks" issues filter should support comma-separated multiple issue ids as already supported in "Issues" and "Parent task" filter.

In the current trunk r17862, there are three issues filters that accept issue id. "Issue" and "Parent task" filter accepts comma-separated issue ids as a parameter for "is (=)" operator but only "Subtasks" filter does not.

#4 - 2019-02-19 03:15 - Yuichi HARADA

- File 30808-fix-child-id-filter.patch added

I changed so that The Subtasks filter supports comma-separated multiple issue ids.
I attached a patch.

#5 - 2019-02-19 06:45 - Go MAEDA

- Target version set to Candidate for next major release

#6 - 2019-02-28 11:02 - Go MAEDA

- Status changed from New to Closed

- Assignee set to Go MAEDA

- Target version changed from Candidate for next major release to 4.1.0

- Resolution set to Fixed

Committed the patch. Thank you for your contribution.
