Redmine - Patch #30971

principals_options_for_select does not select user when user id is numeric

2019-03-05 17:37 - Jérôme BATAILLE

Target version:				

Description

To fix it : In application Helper L487
convert selected to string if it is an integer

```
if selected.is_a?(Integer)
  selected_s = selected.to_s
else
  selected_s = selected
end
selected_attribute = ' selected="selected"' if option_value_selected?(element, selected) ||
element.id.to_s == selected_s
```

History

#1 - 2019-03-06 04:29 - Go MAEDA

Could you show the steps to reproduce the problem with the Web UI?

#2 - 2019-03-06 11:59 - Jérôme BATAILLE

The only places where selected is an integer are :

- in bulk edit :
  ->/lxc/redmine4/home/smile/redmine-4.0.0/app/views/issues/bulk_edit.html.erb
  74:              principals_options_for_select(@assignables, @issue_params[:assigned_to_id])) %>
  NOT sure if @issue_params[:assigned_to_id]) is passed as a string or an integer

- and in Redmine V4.1 :
  in timelog_helper : user_collection_for_select_options
