### **Description**

#### At Redmine 4.0.1,

I get 422 response when specifying an id value that does not exist in 'assigned\_to\_id'

However I get 200 response even when specifying an id value that does not exist in 'project\_id, tracker\_id, status\_id, priority\_id, category\_id, fixed\_version\_id'.

#### At Redmine 3.4.6.

I got 422 response when specifying an id value that does not exist in 'priority\_id'

---

issue.xml

curl -v -H "Content-Type: application/xml" -X PUT --data-binary "@issue.xml" -H "X-Redmine-API-Key: xxx" [URL]/issues/[id].xml

HTTP/1.1 200 OK

I expect to get 422 response when specifying an id value that does not exist in 'project\_id, tracker\_id, status\_id, priority\_id, category\_id, fixed\_version\_id'.

#### History

# #1 - 2019-03-14 08:46 - ume san

#19276 may also be related

#### #2 - 2019-03-14 09:28 - ume san

I checked again with Redmine 4.0.2.

2022-08-13 1/2

I got 422 response when specifying an id value that does not exist in 'priority\_id'

I got 200 response even when specifying an id value that does not exist in 'project\_id, tracker\_id, status\_id, category\_id, fixed\_version\_id'.
