Redmine - Defect #31077

"Icon for Datepicker" does not appear after status was changed.

2019-03-21 12:35 - Julian Lohrber

Status:	Closed	**Start date:**	
Priority:	Normal	**Due date:**	
Assignee:		**% Done:**	0%
Category:	UI	**Estimated time:**	0.00 hour
Target version:			
Resolution:	Invalid	**Affected version:**	4.0.2

Description

When editing the issue, fields are displayed for modification in "Change properties" area.
In the area, "Start date" and "Due date" have string-fields and there are Icons for Datepicker right of the string-fields normally.

But, if an issue status is changed to another status the datepicker icons disappear.

I already changed the Theme for Redmine to the standard Theme but I still get the same error. When I tried another browser (for example Firefox) the Issue is not Appearing.

Redmine configuration (from "Information" of "Redmine") are as follows.

- production system: Linux based

```
Environment:
  Redmine version               4.0.2.stable
  Ruby version                  2.6.2-p47 (2019-03-13) [x86_64-linux]
  Rails version                 5.2.2
  Environment                   production
  Database adapter              Mysql2
  Mailer queue                  ActiveJob::QueueAdapters::AsyncAdapter
  Mailer delivery               smtp
SCM:
  Git                           2.14.1
  Filesystem
Redmine plugins:
  redmine_agile                 1.4.8
  redmine_checklists            3.1.14
  redmine_contacts              4.2.3
  redmine_contacts_helpdesk     4.0.2
  redmine_dmsf                  2.0.0
  redmine_people                1.4.0
  redmine_zenedit               1.0.2
```

Could you please provide me help to fix the Issue
