

Redmine - Patch #31402

Add support for customization by block to IssueCustomField.generate!

2019-05-20 08:29 - Kouhei Sutou

Target version:	4.1.0		
Description generate! methods in test/object_helpers.rb supports customizing by block. But IssueCustomField.generate! doesn't support it. The attached patch adds it. FYI: I created this diff by Git. Because I have the same problem as #24864-10 for svn.redmine.org.
