History

#1 - 2009-04-10 18:34 - Jean-Philippe Lang

First, you can have a look at [#2933](#).
And [r2670](#) fixes a memory consumption problem on file upload. Can you give a try?

#2 - 2009-04-14 09:51 - Carsten Schurig

- Status changed from New to Resolved

I've seen it but the problem looked quite different because it worked always without a version defined. Further the error was always the same...

And [r2670](#) fixes a memory consumption problem on file upload. Can you give a try?

[r2670](#) seems to fix it by now as far as I have tested it. I tested it with the file I had originally problems with and additionally with a 50MB file. It did work with a version defined and without a version defined.

Thanks a lot.

#3 - 2009-04-19 10:53 - Jean-Philippe Lang

- *Target version set to 0.8.4*
- *Resolution set to Fixed*

Thanks for your feedback.

#4 - 2009-04-24 18:06 - Jean-Philippe Lang

- *Status changed from Resolved to Closed*

Merged in 0.8-stable in [r2681](#).
