Description	
<p>Hello,</p> <p>the Gantt diagram is a very useful tool.</p> <p>Nevertheless i have to resize the gantt chart everytime because the text / ticket structure is complex sometimes.</p> <p>I know there was no option to resize the text in the past. This is better now :)</p> <p>https://www.redmine.org/issues/20481</p> <p>I have to resize the Gantt every time.</p> <p>Could you</p> <p>a) resize the text side on the letter count ? (maybe max 120 letters..)</p> <p>b) save the resize parameter like i set it last time (this would be my favourite solution)</p> <p>Thank You</p> <p>related to:</p>
