Description

The test test_partials_with_html_entities fails if the trailing whitespaces are removed. The attached patch can be used to reproduce the below problem:

```
notroot@eb7d0b73147d:/work$ ruby test/unit/lib/redmine/unified_diff_test.rb -n test_partials_with_
html_entities
DEPRECATION WARNING: `secrets.secret_token` is deprecated in favor of `secret_key_base` and will b
e removed in Rails 6.0. (called from <top (required)> at /work/config/environment.rb:16)
Run options: -n test_partials_with_html_entities --seed 55482

# Running:

E

Error:
Redmine::UnifiedDiffTest#test_partials_with_html_entities:
NoMethodError: undefined method `html_line_left' for nil:NilClass
    test/unit/lib/redmine/unified_diff_test.rb:106:in `test_partials_with_html_entities'

bin/rails test test/unit/lib/redmine/unified_diff_test.rb:92
```

I wasn't able to fix the test without changing the diff, any solution is welcome.
