Category:	Email notifications	**Estimated time:**	0.00 hour
Target version:			
Resolution:	Invalid	**Affected version:**	

Description

Time to send an email is very long.
I have to wait 5 minutes to receive the email from the system.
Is it possible to adjust this time in Redmine?

History

#1 - 2020-01-06 01:19 - Go MAEDA

- Status changed from New to Closed

- Resolution set to Invalid

I think Redmine has nothing to do with the issue. Please contact the administrator of email servers in your organization.

And please use forums for questions. Issues are used to report a bug, suggesting a new feature, or submitting a patch. Reading How to request help may be helpful for you.
