Description

Is there a workaround for IE6 and displaying the line through / cross out for completed bugs?

On the versions/show page 3 bugs are coded to be closed:

```
<li><a href="/issues/show/473" class=" issue closed">Support #473</a>: error1</li>
<li><a href="/issues/show/503" class=" issue closed">Bug #503</a>: error2</li>
<li><a href="/issues/show/510" class=" issue closed">Bug #510</a>: error3</li>
```

However in Internet Explorer 6, only 1 or 2 (it varies) will actually have the line through the link.

Rails 2.1.2
Redmine 0.8.3 (i think)
IE 6.0.2900.2180.xpsp_sp2_gdr.090914-1233
(note: works fine in Firefox / Safari)

- Status changed from New to Closed

- Resolution set to Duplicate

I think it was fixed in r2516 and in 0.8.2. You can check your Redmine version in Administration -> Information.
