Redmine - Patch #31640

Add clear query icon next to selected query in sidebar

Description

Now that "All issues" link was removed from the sidebar, we should have an easier way in sidebar to clear the current query.
 	
My proposal is to add a Clear link next to selected query link:
 	
  clear_query.png
On hover:
  clear_query_hover.png

Although I understand the reason why you use reload.png (reload.png), I think the current icon used in your patch is not appropriate because it looks like a button to reload the current query. In my opinion, the icon should be the one similar to close.png (close.png).

Agree, but close.png (close.png) icon is not so visible:
  clear_with_close.png

Attached the updated patch. Go Maeda, if you have a better idea, please fell free to update my patch.

Using close_hl.png (close_hl.png) looks nicer.

Indeed, close_hl.png is better.

Regarding the patch, you have attached a wrong one.
