

Redmine - Defect #31698

Some unlocalize string

2019-07-09 12:41 - Kam Nazir

Status: New	Start date:
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category: I18n	Estimated time: 0.00 hour
Target version:	Affected version:
Resolution:	
Description	
There are some hard coded string which need to be localized: <ul style="list-style-type: none">- "diff" in show_detail function in app/helpers/issues_helper.rb here [can replace by I(:label_diff)]- "OK" in app/views/repositories/revisions.html.erb here- "OK" in app/views/repositories/revision.html.erb here- "Position" and "Message" in app/views/imports/show.html.erb here

I have extracted the change for app/helpers/issues_helper.rb to the separate issue #33452 because it can be merged into the core without adding a new string to config/locales/*.yml files.
